

Armchair System RS 70/75 Proxy

Complete relax system with stepless, separate adjustment of leg rest and back. Back and leg rest can be adjusted separately.

Functions

- Folding leg rest under the seat or at a 60 ° angle
- Headrest continuously adjustable by motor, alternatively manually with ratchet gears

Variants

- Three back heights, three seat depths
- Suitable for narrow seating positions and conical seat shapes
- Center parts cylindrical or conical with different heights
- Free design options for side parts and armrests
- Fixed, open and co-moving armrests
- Die-cast - star base, plate feet (flat and lens plates) and other bases with different surfaces: powder-coated / RAL colours, brushed stainless steel
- Manual release via hand lever, loop release or button
- Motorized via built-in button or hand switch with digital control for mains or battery operation

Technology

- All pivot points are wear-resistant, plastic-mounted
- Powder coated / primed steel tube and sheet steel
- Wavy curved springs, mounted in the seat frame
